This workshop will introduce techniques to transform a photograph or illustration of your choice into a pattern to create a wall hanging. The results may be realistic or abstract and can be completed using a fusible appliqué method. You don’t need drawing skills; this class will make it easy for you to transfer an image into a work of art.

- Sunday, August 9 from 10:00 am to 4:00 pm

The class “Portraits” is an opportunity for you to create a unique fabric portrait from an image of your selection. The subject matter will be the human face focusing on facial features and expressions. This course will include using photo editing software to transform faces into your own pattern. Let your imagination run wild with the fabric selections – from a subtle monotone to your version of an Andy Warhol. Using fusible applique techniques, this will be a creative and fun project.

NOTE: Pictorial Quilting is for images of places and pets. Portraits is for images of people. Past students who have taken Pictorial Quilting and wish to do another Pictorial are encouraged to enroll in Portraits. While Pictorial Quilting is not a pre-requisite for Portraits, it is not recommended that students enroll in both classes at the same time. One class is challenging enough.
